Total Number of Users for Task A: 496

Number of posts per user

Posts per user	1	2	3	4	5	6	7	8	9	11	12	15	16	17	18	22	24
Num of users	360	74	23	9	8	4	4	1	1	2	1	1	2	2	2	1	1

BASED on number of Characters:=
- Max length of posts = 9194
- Min length of posts = 0
- Average length of posts = 1045.36
- Median length of post = 614
- Total number of users= 496
- Total number of posts = 919

Number of Sentences per post-
- Max = 141
- Min =0
- Avg =12
- Median =7
- 95th percentile =45

Number of words per sentence:-
- Max = 330
- Min =1
- Avg =19
- Median =15
- 95th percentile =47

For combined posts - Number of Sentences per post-
- Max = 140
- Min =1
- Avg =14

Before Pre-Processing and Removing Stop Words:
- Number of posts with token length > 512: 124
- Number of posts with token length < 512: 372
- Max Len: 8457
- Min Len:13
- Avg Len: 444.290

After Pre-Processing and Removing Stop Words:
- Number of posts with token length > 512: 35
- Number of posts with token length < 512: 461
- Max Len: 3549
- Min Len: 5
- Avg Len: 174.165
